Transfers Recorded.

Clerk Hook yesterday admitted to record transfers of real estate as follows:

October 6 by L. A. Rolf and wife to J. G. Lude, for \$400, lot 41 at Park View.

Also deeds from the city of Wheeling to Adam Rottmire and C. F. Biery for lots in the Peninsular cemetery and from Nancy Norton, executrix, to S. B. McKee, for a lot in Mt. Wood cemetery.

A Unique Accident.

Yesterday Joe Watson, a Second ward boy, was spinning a top with a cord in front of John Welty's grocery, on the upper market square, when he threw it through the plate glass window of the store, breaking the glass badly.

William Welty was working inside the window, and a piece of the broken glass struck him on the head, cutting it badly.

Married Last Night.

Last evening at the home of the bride on South Water street, Mr. Henry Vaas and Miss Minnie Discholl, daughter of Charles Discholl, were married by Rev. Mr. Hines, pastor of St. Paul's German Independent Evangelical Protestant church.

The ceremony was witnessed by only a few of the intimates of the contracting parties, and comes as a surprise to most of those acquainted with them.

The Relief Work.

Eighty-five orders for provisions were filled at the relief committee's store yesterday. Not a donation was received.

The committee has exhausted its supply of bread, and the members suggest that if those who wish to make donations, instead of buying bread, would give the committee the cash, it could be spent by the manager for flour to much better advantage. Cash donations may be sent to Treasurer P. B. Dobbins, at the Dollar Savings bank.

Two Unerring Signs.

The amount of traveling done by the public and the amount of money spent in telegraphing are pretty reliable indexes to the condition of affairs.

The hotel people of Wheeling all report that there is a considerable increase in their patronage, and Manager Tracey, of the Western Union company, says business in his line is picking up considerably. For awhile, however, the falling off in telegraph business was something fearful to contemplate.

A Beautiful Design.

Secretary Hook, of the State Fair Association, has received the design for a lithograph to advertise the annual fair next September. It represents Noah's ark landing in the Back river and all the beasts marching off upon the fair ground. Overhead a long line of brilliant plumaged birds fly from the roof and circle around the grounds. The city, the bridges and the grounds are shown faithfully, and the lettering is fine. The picture is to be in seven colors, and the association never had so fine a hanger before.

The Big Prize Fight.

There was nothing especially new yesterday in the movement to secure the Corbett-Jackson fight for Wheeling. The projectors are waiting on an answer to certain legal conundrums propounded to prominent attorneys. It is about decided, however, that the fight, if it comes off here, shall be pulled off in the city limits. This would guarantee police protection, and be more convenient for the crowd, and the only extra cost would be the \$50 city license.

Music Sunday Night.

At the bi-weekly public rehearsal of the Opera House orchestra, at the Arion hall on Sunday evening, the following attractive programme will be rendered:

March—"Of the Four Hundred"—Francis Orestre—"Juba a Dream"—E. H. Hensberg Waltz—"Moonlight on the Hudson"—A. Hermann

Selection from "Der Freischuetz"—M. Van Weber

Maurice—"On Wings of Love"—Francis Fantasia—"The Chase of the Butterflies"—A. Hermann

Descriptive Fantasia—"A Showman's Dream"—A. Hermann

"Rebillion"—For String Instruments—E. Gillet

Galop—"Furor"—The Muses

E. B. Smith, Musical Director.

She May Die.

Mrs. Timothy Munahan, of Martin's Ferry, who was given such a terrible beating by her husband, was little if any better yesterday and it is said she is growing weaker.

Squire Theodore Keller and Officer Scott Neal called yesterday to take her deposition and were unable to do it on account of her weakened condition.

Andrew Munahan, a brother of Tim, is still in jail and will be held to await developments. John Munahan, another brother, who was locked up on Tuesday night was yesterday fined \$5 and costs for contempt of court. The attending physician said Mrs. Munahan was some better last evening. It is said, however, that her recovery is doubtful. The husband is not much concerned over her condition.

The Modern Invalid.

Has tastes medicinally, in keeping with other luxuries. A remedy must be pleasantly acceptable in form, purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality. If really ill he consults a physician; if constipated he uses the gentle family laxative Syrup of Figs.

DISTRICT SERVICE.

Western Union to Establish District Messenger Service.

WILL COMMENCE NEXT MONDAY.

The Adoption in Wheeling of the Service Will No Doubt Meet With Approval and Support—Something that Has Been Needed by the Business Community—The Rates Reasonable.

Wheeling is fortunate enough to be favored with the adoption of the Western Union Telegraph Company's district messenger service. For some time Manager C. R. Tracey, of the local office of the company has been working up the improvement, and together with Superintendent Flynn has received promises of support from the local business community, sufficient to warrant the service being inaugurated. Mr. Tracey will receive the thanks of Wheeling people for his enterprise—for it is enterprise; Wheeling is among the smallest of cities that will have the district messenger service.

The service will go into effect next Monday morning, and five or ten active boys will be put on at the start, and the force will be increased as the service increases in volume. The boys will be clad in the natty uniform recently adopted by the company for its regular messenger boy force. The headquarters will be at the Western Union office on Twelfth street, and the card of rates shows that the charges for delivery will be very reasonable: ten cents for one-half an hour or under, and twenty cents for an hour. The company will put in boxes throughout the city, in business houses, offices and residences entirely free of charge. Already quite a number of boxes have been put in places of business, and it is expected many more will be put in during the present week. The officials are confident from the promises of support they have already received, that the service will be very popular.

AMERICAN UNION LEAGUE.

A New Hand at the Helm—The Prospects Bright.

The American Union League, an insurance order of which the national headquarters are in Wheeling, has selected a new secretary to succeed Mr. S. G. Naylor, who resigned and went west to enter the ministry. The new man at the helm is Lewis E. Smith, of Ohio, who has had several years experience in old line insurance, both fire and life. Mr. Smith is well known in his native state, having taught school and been principal of the schools at Bethesda before he entered the insurance business. The board of directors think they have made a wise choice in selecting him.

The organization is in a healthy, thriving condition, and the outlook for the future is bright. The office will be at 1220 Market street.

League No. 1 will meet to-night at Knights of Honor hall, on Twelfth street. The officers of the league are as follows:

President, F. H. Grigo, Wheeling, W. Va.; vice president, W. A. Caldwell, M. D., Washington, D. C.; secretary, Lewis E. Smith; treasurer, C. H. Dowler; medical referee, H. B. Baguley, M. D.; reporter, T. M. Garvin; counselor, Hon. J. B. Sommerville. National board of control, E. B. Howie, Ezra W. Zinn, G. H. Medick. National board of trustees, W. J. W. Cowden, Wheeling, W. Va.; R. M. Gilleland, Bellaire, Ohio; Charles H. Taney, Wheeling, W. Va.; S. G. Naylor, Iowa; William Bayha, Wheeling, W. Va.

THE NEW DYNAMO.

For the City Electric Plant Arrives. More Lights and Better.

The new dynamo ordered by the gas trustees last month for the city electric light plant arrived yesterday and was unloaded at once and is being set up. It is thought that early next week the machine will be ready for service. The wires have already been strung for a circuit. The machinery at the works has not been adequate for some time past for the lights already on the line, hence the darkness of one or two on each circuit each night. The new machine is counted on not only to make good this shortage of power, but also to furnish fifteen or sixteen new lights at places where they are much needed. Those will be put up in a week or ten days.

EVERYBODY should know what a good medicine Dr. Bull's Cough Syrup is; it has cured many thousands and will cure you.

A Kansas Man's Experience.

Mr. Albert Favorite, of Arkansas City, Kan., wishes to give our readers the benefit of his experience with colds. He says: "I contracted a cold early last spring that settled on my lungs, and had hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had tried Chamberlain's Cough Remedy some fourteen years ago with much success, and concluded to try it again. When I had got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others, and all speak well of it."
